

## WH Moto Slim

**Item no.: 8423**

### Wall lift system with electro-motorized height adjustment

The WH Moto Slim wall lift system is suitable for screens with a size from 42" up to 86" | 107 - 218 cm and an even weight distribution.

The VESA mount can be equipped from VESA 200 x 200 mm min. up to VESA 800 x 600 mm max.. The screen can be mounted in either landscape or portrait\* orientation.

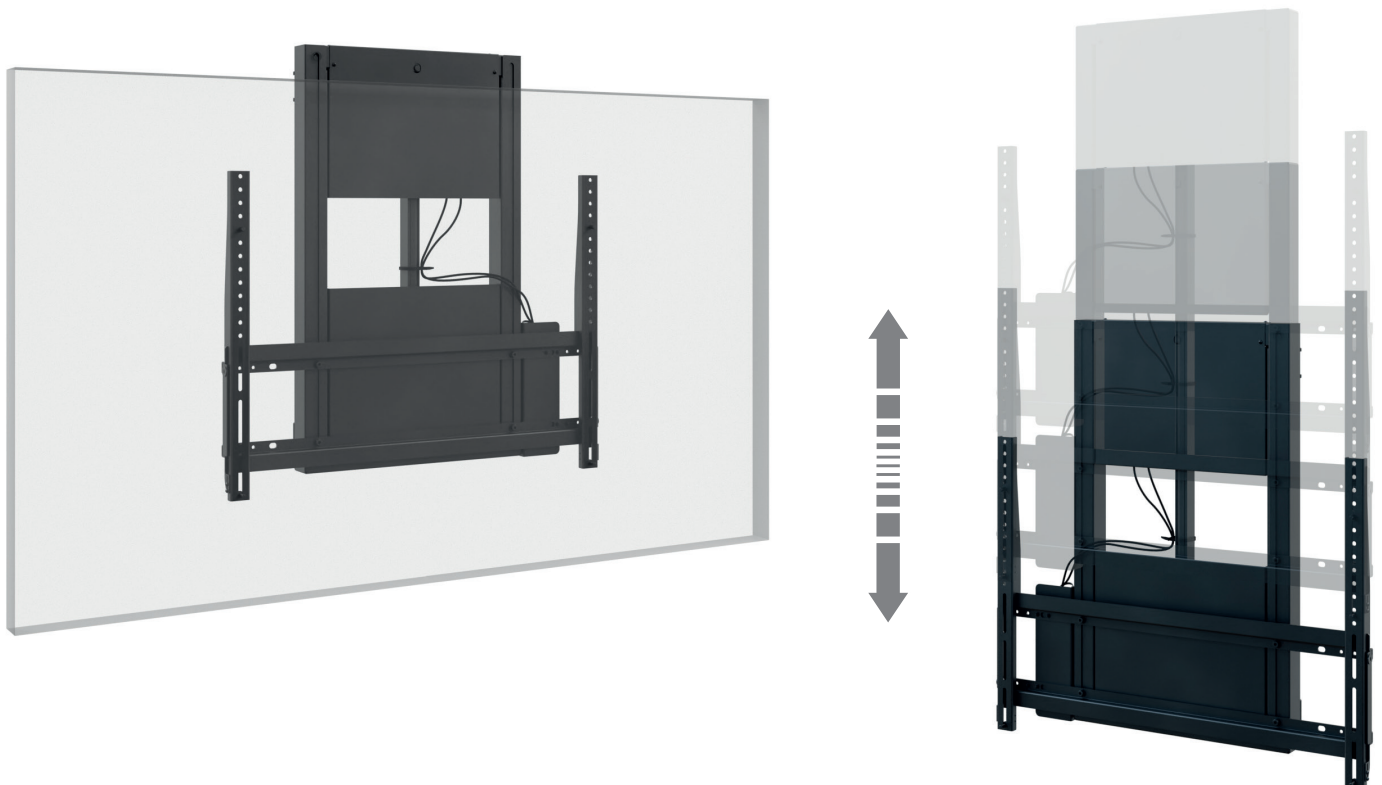

The electro-motorized height adjustment is operated by a wired remote control.

The cables are managed at the rear by cable clips.

The considerable stroke of 600 mm allows the screen to always be adjusted to the optimum viewing height.

The high quality, slim design is protected by a solvent free, impact and scratch resistant powder coating in black.

The maximum load of the lift system is 80 kg.
