

WH Moto Slim Stud-wall

Item no.: 8430

Lift system with electro-motorized height adjustment

WH Moto Slim Stud-wall is a wall lift system with floor support, which is suitable for screens with a size from 42" to 86" | 107 - 218 cm and an even weight distribution. The floor-wall installation ensures optimized weight distribution, which enables installation on stud-walls.

The VESA mount can be equipped from minimum 200 x 200 to a maximum 800 x 600 mm. The screen can be mounted in either landscape or portrait* orientation.

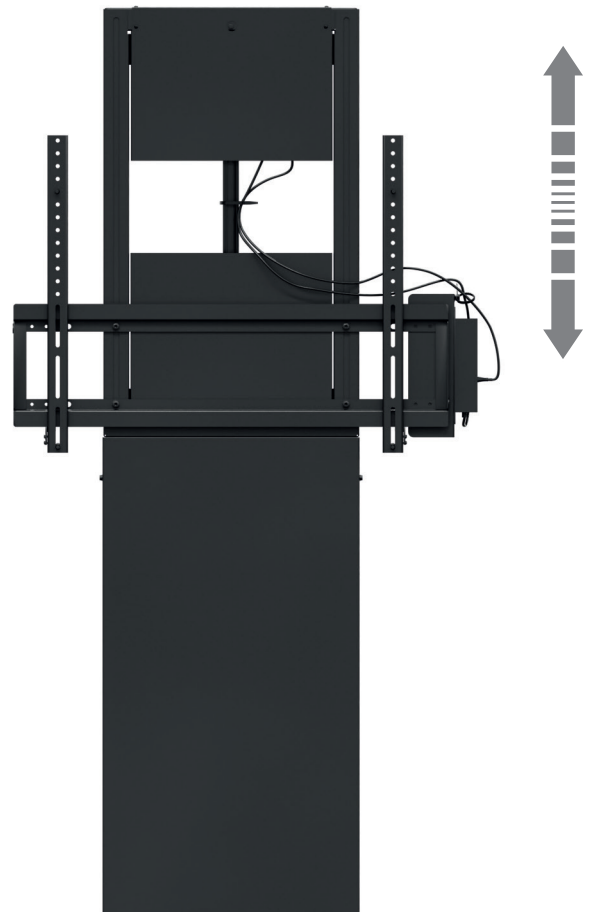

The electric motor height adjustment is operated via a wired remote control.

The cable management is done on the back using cable clips.

The considerable stroke of 600 mm offers the possibility of always adjusting the screen to the optimal viewing height.

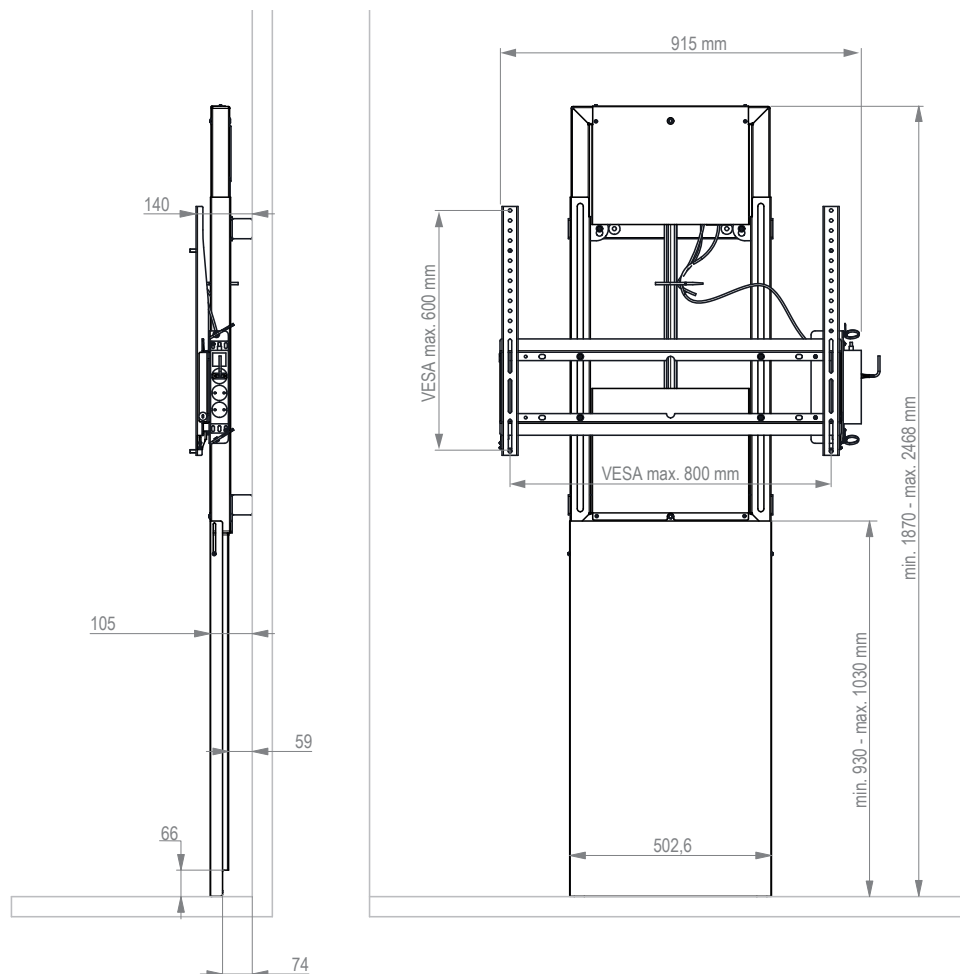

The high-quality, slim design is optically rounded off and protected by a solvent free, impact and scratch resistant powder coating in black.

The maximum load is 80 kg.

Item no.: 8430

- Lift system with electro-motorized height adjustment
 - 42" - 86" | 107 - 218 cm
 - Only suitable for TVs with even weight distribution. Imbalance may damage the mount and the device.
