CON-Line® M Lift 55 - 75"

Media column with an integrated lift, mobile

Item no: 2813

The CON-Line M Lift 55 - 75" is a free standing media column with an integrated lift. Due to its compact design, it can be placed almost anywhere.

It is suitable for screens with a size from 55" up to 75" | 140 - 191 cm. The fine adjustable VESA mount can be fitted up to VESA 800 x 400 mm max.. The screen is mounted in landscape format.

The electro-motorised height adjustment is controlled via a push button control. It has four memory slots to save individual presets.

The lift has a stroke of 500 mm and is equipped with collision protection, which means that the lift stops as soon as resistance is encountered.

The removable AV mounting plate makes the installation quick and easy. Ventilation grilles in the corpus provide sufficient ventilation. AV accessories are protected behind the front panel with magnet lock. Retractable security locks on both sides of the corpus provide additional security.

Four castors ensure mobility. The locking brakes enable secure fixation at the desired location. The surface of the mobile base is easy to care for thanks to the solvent free, impact and scratch resistant-powder coating in black.

The maximum load is 50 kg.

Other colour or decor variants (corpus) are available on request - also as unique piece.
