

Ceilingmount OM55N-DS

Ceiling mount specifically for Samsung OM55N-DS

The Samsung OMN-DS Series (ultra-high-brightness displays) are specifically designed to be used in bright sunlight, like you find it in shop windows.

Today modern shopping centers and also shop windows are small worlds of experience, which are visually upgraded with video- or animation-based promotional content.

The Ceilingmount OM55N-DS* is a ceiling mount designed specifically for these thin 55" screens of the innovative digital signage series.

Item No.: 1900

The ceiling adapter is tiltable by $\pm 30^\circ$ and can be mounted on sloping ceilings. The height of the ceiling mount can be adjusted between min. 600 and max. 1000 mm. It is also possible to mount the frame directly to the ceiling (without extension).

The cable routing takes place within the frame and the support arm. This ensures a clean cable management.

The bracket is black and finished with a solvent free, scratch and impact resistant powder coating.

Height adjustable, min. 600 - max. 1000 mm

The ceiling adapter is tiltable by $\pm 30^\circ$

Cable management within the frame
