

## ScreenOut® Pro - LG XE4 55" Back-to-Back Outdoor totem for LG XE4 series

**Item no.: 2532**

The ScreenOut® Pro - LG XE4 55" Back-to-Back is a highly weather proof totem for two screens. It is developed specifically for the LG XE4\* series of outdoor screens.

The LG XE4 screens are already waterproof and dust proof according to IP56 standard and can be used in an ambient temperature range from -30 °C to +50 °C. In addition the display front consists of 5 mm thick, robust protective glass, which has been certified with IK-10 (IK = European impact resistance level).

The screen mounting is adapted to the specific display.

The assembly is done in portrait orientation.

The standard version of the outdoor totem is designed for permanent installation by using a foundation\*\*.

Hagor provides a dimensioned drawing of the required hole pattern.

The cable routing is secure and concealed inside of the totem. A cable outlet located in the base, protects reliably against any unauthorised access.

The surfaces are coated with a corrosion resistant, highly weather proof plastic powder coating in black (RAL 9005).

Display specific adapted, e.g. ventilation, infrared sensor

Clean floor finish thanks to the surrounding panel

Floor attachment including level adjustment

DESIGNED FOR

**LG** Business Solutions

\* Also compatible with previous model LG 55XE4F / 55XE3P-B. | \*\* Attention! The foundation plan must be requested by the customer from a structural engineering office and adapted to the local conditions. In case of a free installation, please inform yourself about the prevailing wind loads on site. | Technical changes reserved. | This document is the property of HAGOR Products GmbH.
