

## PLD Single HD

### Heavy-duty ceiling mount

**Item no.: 2700**

The PLD Single HD is a heavy-duty ceiling mount with a double carrier. It is suitable for screens with 75 - 100" | 191 - 254 cm screen diagonal.

The installation takes place in landscape format.

The TV holding fixture is included and supports screens with a VESA standard up to max. 900 x 600 mm. The VESA arms can also be tilted continuously between -5° and +15°.

The mount is height adjustable up to max. 1450 mm with tools.

The cables are routed internally, hidden from view and unauthorized access.

The included plastic cover ensures that the ceiling screw connection disappears unobtrusively underneath. If necessary, it can be released.

The surfaces of the PLD Single HD are finished with an impact- and scratch-resistant powder coating in black.

The max. load is 100 kg.

- 
- Technical drawing of the EASYLIFT 1000 TV stand. The drawing shows the stand in two views: a side view and a top view. The side view shows the stand's height, which is 1504 mm, and the width of the base, which is 1009 mm. The stand has a central column with a diameter of 60 mm. The top view shows the stand's footprint, which is 205 mm by 280 mm. The stand is adjustable, with a tilt range of -5° to +15°. The drawing also shows the stand's base, which is 120 mm high and 35 mm wide. The stand is made of metal and has a black finish.

optional lockable with CPS-Secure Part
