

## CPS MOBILE STAND DUAL 55 - 65"

**comPROnents<sup>®</sup> complete solution**

**Item no.: 3325**

The CPS MOBILE STAND DUAL 55 - 65" is a mobile stand system. Two screens with a screen size between 55 - 65" | 140 - 165 cm find their place next to each other (side-by-side).

The VESA standard is covered up to max. 800 x 400 mm, and the VESA mounts can also be tilted from -5° to +15°.

The castors allow the stand system to be moved flexibly and fixed securely by locking brakes.

The rails are height-adjustable along the Alu Pillars and thus offer flexible mounting options to suit the respective room situation.

Alu Pillars and Rails can be shortened if necessary.

Cables are routed along the rear of the rails and pillars using cable clips and thus remain out of sight.

The surfaces of the individual components are protected by an impact- and scratch-resistant powder coating.

The maximum load per screen is 40 kg.

The complete solutions can be combined and extended with the components of the comPROnents<sup>®</sup> series without restriction and thus offer further application possibilities.

Castors with locking brakes

VESA-Arms, -5° / +15° tiltable

Cable management  
along the rails and pillars

- 
- Technical drawing of the T2000 monitor stand, showing dimensions and VESA compatibility.
- Dimensions:**
- Overall width: 2009 mm
  - Distance between vertical supports: 1000 mm
  - Distance from left vertical support to first VESA bracket: 1000 mm
  - Distance between VESA brackets: 44 mm
  - Distance from right VESA bracket to right vertical support: 1000 mm
  - Overall height: 1970 mm
  - Height of the vertical support: 1820 mm
  - Height of the horizontal arm: 440 mm
  - Width of the horizontal arm: 120 mm
  - Width of the vertical support: 80 mm
  - Width of the base: 1500 mm
  - Distance between the base feet: 1010 mm
  - Height of the base feet: 100 mm
  - Height of the base feet: 50 mm
- VESA Compatibility:**
- VESA min. 100 - max. 800 mm
  - VESA min. 100 - max. 400 mm
- Adjustability:**
- Adjustable angle:  $-5^{\circ}$  to  $+15^{\circ}$
