

CPS FROM WALL SINGLE 42 - 55"

comPROnents[®] complete solution

Item no.: 3333

The CPS From Wall Single 42 - 55" is a wall mounting system.

It allows a screen to be installed from the wall into the room (90°, orthogonal).

The bracket is therefore ideal for mounting on pillars and walls in direction of travel.

The system is suitable for screens between 42 - 55" | 107 - 140 cm screen diagonal.

The VESA mount can be fitted up to 400 x 400 mm max. and can also be tilted from -5° to +15°.

The screens can be mounted in portrait orientation.

The total width is 709 mm. This can be shortened if required (tool needed).

Cables are routed along the rear of the rail by cable clips and thus remain out of sight.

The surfaces of the components are protected by an impact and scratch resistant powder coating in black.

The maximum load is 35 kg.

The complete solution can be combined and extended with the components of the comPROnents[®] series without restriction and thus offer further application possibilities.

optionally lockable

Installation from the wall into the room

Cable management along the rails by clips

CPS FROM WALL SINGLE 42 - 55"

comPROnents[®] complete solution

Item no.: 3333

- System for wall mounting
- enables the installation of a screen from the wall into the room
- ideal for mounting on pillars and walls for a large advertising impact in the direction of travel
- 42 - 55" | 107 - 140 cm
- VESA up to max. 400 x 400 mm
- Portrait
- VESA mount can be tilted from -5° to +15°
- Cable routing via cable clips on the rail
- 35 kg max. load
- 709 mm total width - can be shortened if required
- colour: black
- combinable & expandable with comPROnents[®] series
