

CPS Videowall W3x3L 55" Pop-Out comPROnents[®] complete solution

Item no.: 3344

The CPS Videowall W3x3L 55" Pop-Out is a video wall solution. It is suitable for screens with a size of 55" | 140 cm to create a video wall split 3 x 3 landscape.

The screen mounts offer the possibility of adjusting the height and inclination as well as level compensation. Thanks to the pop-out mechanism, the system ensures good service accessibility at all times, even while it is in operation. The width of the screen mounts can be adjusted very simple. They can easily be moved along the aluminum rail.

The VESA mounts can be fitted with a minimum of 200 x 200 mm up to a maximum of 600 x 400 mm.

The total width is 3509 mm, the rail length can be shortened if necessary.

Wiring is organized and securely held together by cable clips along the rails.

The maximum load is 40 kg / per screen.

The surfaces of the components are finished with a solvent free, impact and scratch resistant powder coating in black.

The complete solutions can be combined and expanded with the individual components of the comPROnents[®] series without restrictions and thus offer further application options.

CPS Videowall W3x3L 55" Pop-Out

comPROnents[®] complete solution
