

CPS Floor-to-Wall Samsung QH115 Moto

Item no.: 3362

height adjustable lift system for floor-wall-mounting

The CPS Floor-to-Wall Samsung QH115 Moto is a Floor-to-Wall system with electromotive height adjustment.

The screen mount can accommodate screens with VESA 800 x 200 mm up to 1000 x 800 mm and is therefore suitable for the screens of the Samsung QH115 series. The screen is mounted in landscape orientation.

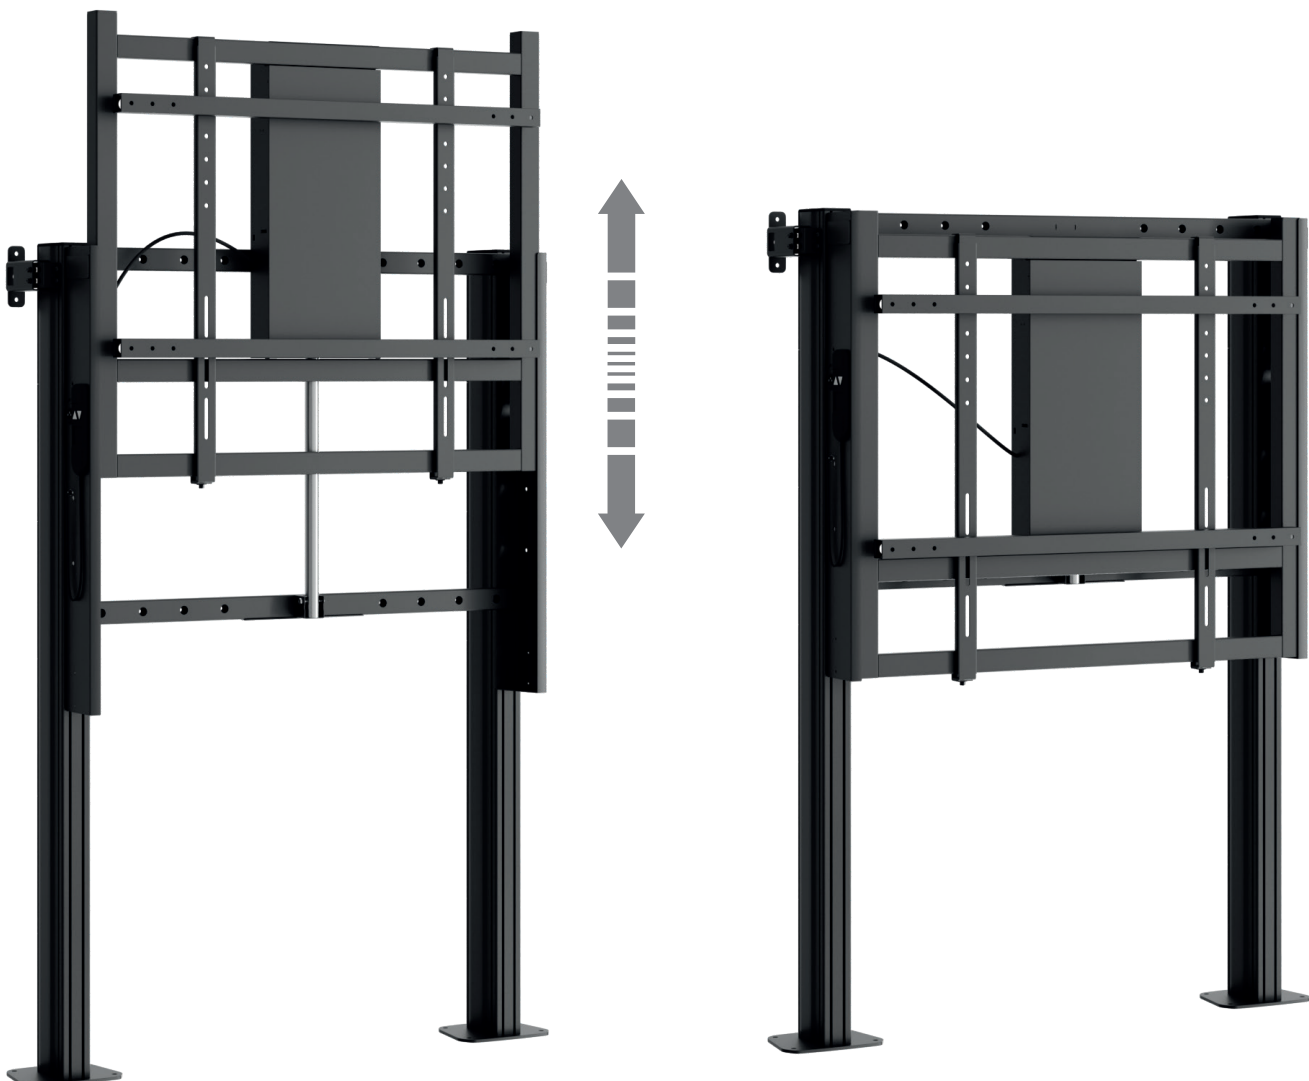

The lift system is infinitely height adjustable using a wired touch control and has a stroke of 500 mm.

The wired remote control can be stored on the side of the lift when the system is not in use.

The floor-wall system is variable in depth and does not require much space (Tool needed).

The surfaces of the CPS Floor-to-Wall Samsung QH115 Moto are finished with a solvent free, impact and scratch resistant black powder coating.

The load capacity is 160 kg.

CPS Floor-to-Wall Samsung QH115 Moto

Item no.: 3362

height adjustable lift system for floor-wall-mounting

- Floor-to-Wall system with electromotive height adjustment
- Display specific for Samsung QH115 series
- Assembly in landscape orientation
- VESA, min. 800 x 200 mm - max. 1000 x 800 mm
- Infinitely variable height adjustment by wired remote control
- 500 mm stroke
- wired touch control
- Space saving floor-wall-mounting
- Dimensions:
H 1820 - 2300 x W 1200 x D 289,5 - 293 mm
- Cable management along the pillars
- 160 kg load, max.
- Solvent free, scratch and impact resistant powder coating
- Colour: black
